

Hatteras

36 Sedan Cruiser

**THE HATTERAS 36 SEDAN:
A SERIOUS COMMITMENT TO PLEASURE.**

Visually, the entire salon area creates an amazing sense of airy spaciousness. With full forward windshields, sliding side windows, aft bulkhead windows and double sliding doors to the cockpit, the salon is bright and cheerful. This Hatteras is, quite literally, your window to the world. As an option, you can get a smart-looking bar with icemaker and storage space, conveniently located on the forward bulkhead to minimize interference with the seating area.

Now take in the view from the flying bridge. From here you can completely control the 36 Sedan. Functionally laid out with a console and a forward-facing, three-person lounge, this is your personal command center, to survey the seas and go where you will — in typically exceptional Hatteras style.

THE HATTERAS 36 SAYS A LOT ABOUT HATTERAS. AND A LOT MORE ABOUT YOU.

And of course, because it's a Hatteras, the reliability, impeccable construction and intelligent design are all givens. But even more, fine craftsmanship can be found throughout, from the woodwork to the upholstery, the carpeting to the hardware. The five-point Hatteras Systems Monitor set the standard for the marine industry, and it's standard equipment aboard the 36 Sedan.

Combine all this with our acclaimed electrical and mechanical systems, and it's no wonder we believe that the Hatteras 36 Sedan is superior to any 36-footer on the water.

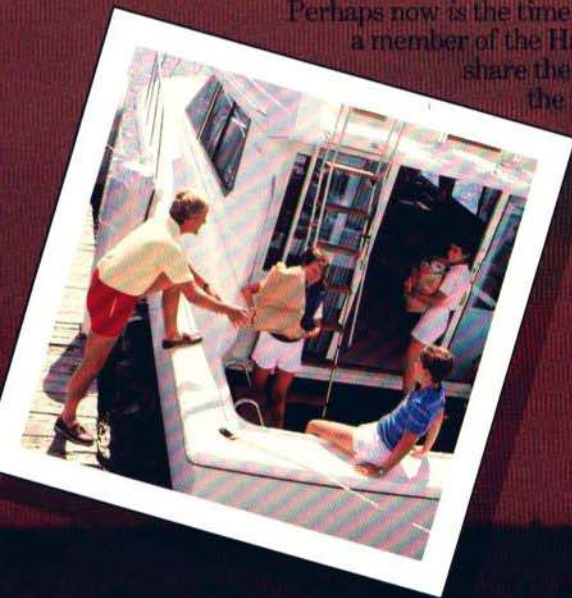

To sum up, with the Hatteras 36 you're making two right decisions. The right one for your pleasure, and the right one for practicality's sake. Because of its inherent, abundant superior qualities, and the thoughtful, careful planning that went into it, you and your family will treasure the 36 Sedan as long as you own it. And because nothing says excellence more resoundingly than the Hatteras name, others will treasure it when you're ready (if ever) to sell or trade.

Perhaps now is the time for your family to become a member of the Hatteras family, ready to share the freedom and adventure of the Hatteras life on the water.

Your Hatteras dealer will be glad to give you a full, personal tour of the 36 Sedan. See the one nearest you.

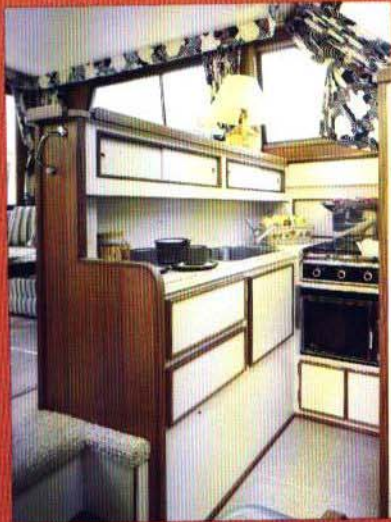

The head (to port) includes everything you'd expect from Hatteras: full stall shower with seat, medicine cabinet, and linen locker.

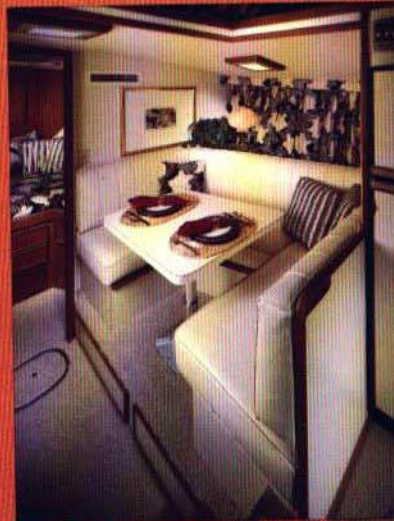

The view of the salon, looking aft, gives you a hint of the living area — as much as found on models two to four feet longer. And the cockpit allows for deck seating or light fishing.

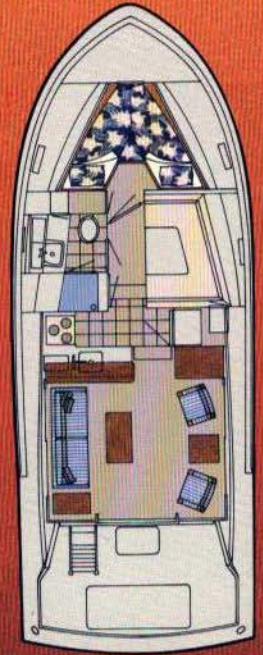

Looking forward from the salon, you can begin to appreciate the emphasis Hatteras places on liveability. The entire area is visually open, large and airy.

Whether you eat to live or live to eat, the open galley is bright and cheerful. It includes a 10 cu. ft. refrigerator/freezer, 3-burner electric stove, and microwave oven.

Enjoy this large, comfortable U-shaped dinette — it converts to a double bed. Or as an option, you can order a complete guest stateroom in its place.

The vee berth stateroom is spacious and private. Note the good use of space, too, for drawer and locker storage units.

By now you've had enough boating experience to know it's the life you love, the way you want to spend your leisure time. You're ready to move up to a yacht that's as serious as you are about your lifestyle; one that's equally committed to the pleasures you've come to enjoy most in life. And you've promised your wife that your choice of a larger boat will include more enjoyment for her on those long family weekends.

That's why the only logical choice to make is a new Hatteras 36 Sedan. It lets the world know that to you, real value means a superior product, not simply a lower price tag.

THE HATTERAS COMMITMENT: TO PERFORMANCE, TO STYLE, BUT MOST OF ALL, TO YOU.

You didn't get where you are without dedication to your work, and neither did Hatteras.

The Hatteras 36 Sedan is, first of all, a spacious family yacht, with looks and lines that are sleek and sporty.

With a 13'7" beam and an all-fiberglass Hatteras hull, the styling is set off by sweeping sheer lines, enhanced by a long foredeck with cabin and a full flybridge set slightly aft. This careful configuration emphasizes interior space while keeping the cockpit area large enough for deck seating, sunning or fishing.

A polyurethane coating over the famous Hatteras gelcoat insures a long-lasting finish and much less maintenance over the years, and the bottom is painted with an anti-fouling paint. Few builders go to the trouble, but with Hatteras it's a matter-of-fact procedure.

Above all, it looks, acts, and responds like the Hatteras it is, ocean-proud and seaworthy.

ADD 36 FEET TO YOUR BOATING PLEASURE.

The 36 Sedan sleeps four comfortably. (Need to sleep six? No problem whatsoever...opt for the convertible couch in the salon.)

On the lower deck, the large, very private vee berth stateroom is fit for a king *and* queen, a room of which you both will surely approve. The head includes a full shower with seat, an attractive medicine cabinet and a good-sized linen locker.

To starboard is a comfortable, U-shaped dinette that readily converts to a tapered double bed, a full 6½ feet in length! Only Hatteras would give you so much extra in this much space. The dinette is separated from the galley, accentuating a feeling of privacy.

As another option, instead of the dinette, you can have a second stateroom, with room for two full bunks and a nightstand.

All in all, there's plenty of living space for family and friends, brought to you with plenty of Hatteras elegance.

The open galley, between the lower deck and salon, provides you with all the features needed to satisfy the most demanding chef: ten-cubic-foot refrigerator/freezer, three-burner electric stove, microwave oven, and a large storage compartment under the cabinet

sole. There's cooking room, storage room and lots of elbow room.
